

Monopoly Dice Upgrade

Innovative dice for Monopoly games.
Super fun upgrade for all Monopoly versions!

The game is played using **standard Monopoly rules**. These special dice add exciting new actions and strategic choices as described below.

● **Standard Black Dots**

The dice include numbers **1 to 6 in black dots**, just like regular dice. Play them as usual: **move forward the total value of both dice**.

● **Red Dots**

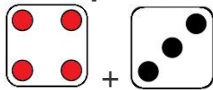

Red numbers give you flexibility!

- Move using **both dice total**, OR
- Move using **only one die**

Move **forward OR backward**.

Example:

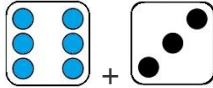

Move either 7, 4, or 3 spaces forward OR backward.

Blue Dots

Move to any space within total range.

Example:

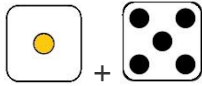

Choose to move to any space from 1–9 forward.

Golden Dots

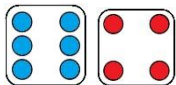

Each player pays you \$50 + move total value.

Example:

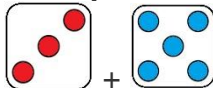

Collect \$50 from each player and move 6 spaces.

Combined Colors

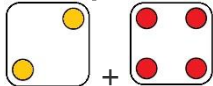

Combine both effects.

Example 1:

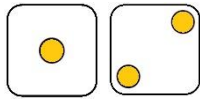

Move anywhere within 8 spaces forward or backward.

Example 2:

Collect \$50 from each player and move either 2, 4, or 6 spaces forward or backward.

❖ Color Doubles (Powerful)

Same color on both dice (Either yellow/yellow, red/red or blue/blue):

- Move to **ANY space** you wish on the board
- Collect **\$400** from richest player
- Collect **\$100** from each of the other players

Chance of rolling color double: 1 in 108 rolls

📁 Action Icons

Pick Community Chest card

Pick Chance card

Gift

\$100 Collect **\$100** from the bank

Tax

\$100 Pay **\$100** to the bank

Example:

Draw Chance card + move **5 spaces**.

⚡ Rolling Two Actions

Perform both actions, then move to the **next unowned property**, which you may buy if you wish.

Note: In Monopoly Mega, draw a **Bus Card** when rolling a **red number**.
